### FORT RUGER BUSY WITH BUILDING WORK

The camp at Fort Ruger is fast assuming the proportions of an army post, and it is expected that the end of the year will see the officers and men occupying quarters. The foundations for three double sets and one single set of officers' quarters are completed, and work upon the upper stories will begin as soon as the concrete gun bases received from the Coast.

Lines are being run for the enlisted men's barracks, and work will soon begin upon the foundation. The barracks are to occupy the site of the present corral, facing the mortar battery.

Captain Edwards of the Quartermaster's Department, in charge of construction at Fort Ruger, is certainly a hustler. He had his workmen on the ground and the work under way the morning after the arrival of the transport bringing the men and material. All the laborers employed on the work are citizens. No aliens need apply. The payroll carries more than 100 men.

The companies are contemplating planting a post garden inside the crater of Diamond Head and are looking forward to a good supply of fresh vegetables this summer.

Private Barton C. Rowe, 159th Company, Coast Artillery Corps, has been appointed corporal in that company.

Privates Babcock, Graves, Hergler, Hawk and Hurst, all of the 156th Company, Coast Artillery Corps, left Thursday on the Logan for McDowell, Cal, to be discharged, having completed their term of enlistment.

The tents and mess halls of the companies are being moved to make room for the officers' quarters.

Private Carroll of the 155th Company has been detailed on extra duty in the Quartermaster's Department as storekeeper.

Sergeant John T. Fryar, 155th Company, has been appointed gun pointer.

Private Frank H. Smith, 155th Company, has been detailed as chief baker.

The four men from this post who have been attending the cooks and bakers' school, now serving in the field with troops on the Mexican border, are expected to arrive on the transport Sheridan. Their arrival is eagerly awaited, for they will bring first-hand information from the army in the field and are expected to entertain their comrades with their experiences in the now famous "Maneuver Division."

The dogs of war are to be loosened at the dogs of Honolulu town, and the canine invasion of Fort Ruger is to be resisted in true military fashion. Orders have been issued permitting but one dog to be kept by each family and organization at the post, and all pups not properly registered will be summarily disposed of.

The baseball season is in full swing at this post. The opening game was played at Kapiolani Park Sunday afternoon, the opposing team being Fort

### PERCY HUNTER IS TO ARRIVE HERE SOON

Percy Hunter, director of the New South Wales tourist bureau, sent a cablegram to Secretary Wood of the Promotion Committee yesterday afternoon that he will arrive here from Australia on May 25. Hunter is on his way to the United States, presumably to take up public relations work there on behalf of his government. It is said that he may try to get migrants for agriculture in New South Wales. The Hands-Around-the-Pacific Club will banquet him when he arrives here.

### WANT TURKEY NOT BUZZARDS

### BOOST HAWAII AT CONVENTION

#### American Medical Association Will Be Given Much Promotion Literature.

A lack of quorum prevented the regular weekly meeting of the Hawaii Promotion Committee yesterday afternoon. Enough members appeared, but not all at once, and some of them had left when others arrived, so that finally the meeting was postponed.

"Let the other fellow have the buzzards for a while and give the road department something more strenuous than that which has been passed out for months," insisted Wright.

"The city and county of Honolulu needs better roads. We have had scores of petitions before us calling for immediate improvements of city streets.

object to the continued expense of making purchases of automobiles for city officials when the streets and roads in the city and county are in such deplorable condition."

The proposition had been made to purchase two new machines for the advantage of publicity there. Dr. Cooper, it was reported, will undertake to look after the distribution of the fliers there. Mrs. Frances King Dodge, the committee's agent in Los Angeles, will also lecture before the association.

Secretary Wood made an informal report anyway, and he and Chairman Bush talked over various promotion matters. Secretary Wood reported that his plans for getting interchangeable steamer tickets to allow fuller latitude in stop-overs here is coming along well.

It was planned to send a large number of circulars to the meeting of the American Medical Association in Los Angeles, which begins June 26. Dr. C. B. Cooper having drawn attention to

the advantage of publicity there. Dr. Cooper, it was reported, will undertake to look after the distribution of the fliers there. Mrs. Frances King Dodge, the committee's agent in Los Angeles, will also lecture before the association.

The New York State education association will be furnished with new Hawaiian slides for educational purposes.

President Griffiths of Oahu College having presented the need for this.

Rev. J. W. Wadsworth, head of the Methodist mission work in the Islands, is to leave for an extended trip to the mainland shortly and has consented to deliver some lectures on Hawaii at various places. He will be supplied with lantern slides also.

It is reported from Los Angeles that a number of former residents of Hawaii have formed the Le Aloha Society there. Secretary Wood will be glad to furnish their addresses to those who desire them. The membership is as follows:

Dr. L. B. Sperry, J. D. White and wife, Miss Pillan Jones, Gerald Valentine, L. L. Hardin and Mr. and Mrs. H. E. Hill, Mr. and Mrs. D. W. Crane, Mrs. John Ema, Mrs. Emily Adams, Mr. and Mrs. St. Clair Bigelow, Mr. and Mrs. M. A. Carroll, L. C. Honaker, Mrs. C. L. Sylvester, Geo. Will Harvey, Dr. and Mrs. P. H. C. Pahl, Prof. Edward Scoville, Mr. and Mrs. Mrs. Thor, S. Southwick, Mr. and Mrs. Edward Moosman, Dr. C. H. Douglass, Henry Pratt, Frank G. Case, E. Ehrlich, Mr. and Mrs. T. P. Davidson, Mr. and Mrs. Emmet May, then Ira Adams.

**HIGHLANDERS WATCH Proceedings.**

Dwight intimated that the board of

highlandites to descend upon the city hall some evening if the oft-repeated petition for better roads is not honored.

From the wind-swept heights of Waialae and Kaimuki came two appointed delegates in the persons of Messrs. Logan and Davies, who watched municipal legislative proceedings with a jealous eye. "We also want improved roads," they said when given an opportunity to speak. "We do not want to see the Manoa insurgents sweep up all the city can for street improvement."

Dwight simply snuffed pointed to the delegation when the vote on the matter of appropriating \$1700 for the purchase of two machines was taken and registered the only negative vote.

An average of thirteen persons

day who use the railroads of the country for business may therefore

travel with their lives.

### NEW O. E. S. CHAPTER

#### American Medical Association Will Be Given Much Promotion Literature.

Davidson, Mr. and Mrs. Emmet May, then Ira Adams.

**ARMY NOTES.**

Captain Frank K. Ferguson, C. A. aid to General Bliss and Coast Defense Officer of the Department of California, has been detailed to enter the next class at the Army War College, Washington, D. C.

First Lieutenant Charles A. Clark, quartermaster at Fort Ruger, will arrive on the transport Sheridan from San Francisco, where he has been undergoing examination for promotion to captain.

The second in a series of baseball games between Fort Ruger and Fort Shafter will be played at the latter post on next Sunday. Considerable rivalry exists between the men behind the big guns and the mud pounders for the right to claim the Army championship of the city and next Sunday's contest will be an exciting one. A bunch of rooters from Fort Ruger will accompany their team and encourage the players from the side lines.

The noncommissioned officers of the Army, Navy, Marine Corps and Revenue Cutter Service propose to establish a club in this city in the near future and a committee is now engaged in securing a location and arranging for a charter. It is proposed to call the club the Service Club and only noncommissioned and petty officers of the various branches of the United States service will be eligible for membership. Something of this kind will fill a long-felt want for the noncoms of the Army in and around Honolulu. It is intended by those who have the matter in charge to start the club with a large membership and if possible to have the club in operation by July 4th. A canvassing committee will visit the various forts next week to secure names for membership.

Dr. L. B. Sperry, J. D. White and wife, Miss Pillan Jones, Gerald Valentine, L. L. Hardin and Mr. and Mrs. H. E. Hill, Mr. and Mrs. D. W. Crane, Mrs. John Ema, Mrs. Emily Adams, Mr. and Mrs. St. Clair Bigelow, Mr. and Mrs. M. A. Carroll, L. C. Honaker, Mrs. C. L. Sylvester, Geo. Will Harvey, Dr. and Mrs. P. H. C. Pahl, Prof. Edward Scoville, Mr. and Mrs. Mrs. Thor, S. Southwick, Mr. and Mrs. Edward Moosman, Dr. C. H. Douglass, Henry Pratt, Frank G. Case, E. Ehrlich, Mr. and Mrs. T. P. Davidson, Mr. and Mrs. Emmet May, then Ira Adams.
